Topic— School Grounds Designer — Week Commencing 30th March 2020

This week, create a plan of how you would like a school to be laid out.

What would you include in the grounds? Trim Trail, Conservation area, Running Track?

Where would the main buildings be? Would there be a separate gym or pool? Don't forget to include a key too, to explain the location of your features. Have a look at the last lesson to remind yourself what we did.

Good luck, I can't wait to see your ideas. Can you take a photo of your plan and email it to me please?

In our last topic lesson, you learnt how to use a key to locate specific features on a plan of the school and its grounds. X marks the position of the back door for Year 2.

If you would like to have another go at this please create a key to show:

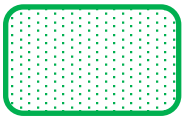

Buildings Grass,

Trees Play area

Swimming Pool

For Example:

Key:

Grass
