

Thursday 23rd April - Home learning English task.

What could it be?

So today I went for another walk in the field near my house and look what I found!

The eggs have hatched. I contacted the local paper and sent them the pictures. They aren't sure what it is. They are going to put a description in their paper to see if anyone locally might know what they are.

Task: Write a description about the creature from the egg that can go in the local paper.

Think about the colour, the shape, the size, the markings, does it look like other animals you might recognise.

Use your sentence structure

- Capital letters
- Full stops
- Finger spaces
- `and` to join ideas.
- Adjectives - describing words
