

The types of Special	St. Catherine's Catholic Primary School provides for children with all types of Special Educational Needs and Disabilities.		
Educational	We refer to the term 'Special Educational Needs' if a child:		
Needs and	a) Has significantly greater difficulty in learning than the majority of children of his or her age in one or more areas		
Disabilities	of learning.		
(SEND) that are	b) Has a disability which either prevents or hinders him or her from making use of educational facilities of a kind		
provided for at	generally provided in schools within the area of the Local Authority concerned for children of similar age.		
St Catherine's	The difficulty or disability may relate to:		
Catholic Primary	communication and interaction		
School	cognition and learning		
	social, emotional and mental health difficulties		
	sensory or physical conditions.		
	Special Educational Provision is that which is additional to or different from that which is made generally for most children in school. Assessment is an ongoing core process throughout the school. It is to check that each child is making adequate progress against the national expectations set for each year group from Reception through to Year 6. If a child is not making the expected progress, then we identify a need and determine the reasons why. St. Catherine's currently provides support to children in all four areas, including children with Autism, Speech and Language disorders and physical disabilities.		
How	St. Catherine's promotes a graduated approach to assessing, identifying and providing for pupils' special educational		
St.Catherine's	needs. Progress of all pupils is monitored on a termly basis by class teachers, subject leaders and the senior		
identifies and	leadership team (SLT), to ensure all children are making the expected progress against national standards and that		
assesses pupils	our provision is having the impact we would expect.		
with SEND			

How St.Catherine's identifies and assesses pupils with SEND (cont'd)

We do this through:

- On-going teacher assessment (including moderation by other staff members)
- Standardised testing (PIRA and PUMA assessments) three times a year (in line with CAST assessment policy)
- Formal reading (Salford) and spelling (SWST) assessments twice yearly.
- Parent consultations and information received from parents
- Formal/informal observations by the SENCo and SLT
- Specialist diagnostic testing by outside agencies

There is a strong focus on quality first teaching and learning in all classrooms to ensure all children with SEND get a strong foundation on which to learn.

Through monitoring progress throughout the school, potential concerns are identified. When a pupil is not making expected progress in a particular area of learning, we quickly identify the gaps and make sure additional support is put in place. Parents/carers will be informed of any concerns by the Class Teacher and also the planned support. If the pupil meets the criteria for special educational needs or disabilities (SEND), parents will be informed by the Special Educational Needs Co-ordinator (SENCo) or Class Teacher that their child will be added to the SEN Register (a Register that details children needing additional support).

If a parent/carer has concerns about their child, in the first instance we encourage parents to discuss this with the class teacher. They may then also meet with the SENCo to discuss any concerns further. The SENCo is the main point of contact between the class teacher, parents/carers and any outside agencies that may be involved in a child's learning and care throughout their time at St Catherine's.

We also have a number of specialist staff in school trained to assess and identify specific needs which may then be addressed through programmes such as ELSA (Emotional Literacy Support Assistant) or through specific 1:1 / group interventions.

SENCo contact	Mrs Carrie Best is the SENCo at St. Catherine's. She is available on Thursday mornings and Friday afternoons as	
details	SENCo and can be contacted via the school office. Tel: 01308-423568 or email	
	office@stcatherinesbridport.dorset.sch.uk	
	Mrs Helen Ciorra is responsible for the management of Education and Health Care Plans and can be contacted as	
	above.	
How we consult	We believe parents play a vital role in supporting a child's learning journey through our school. Parents of all our	
with	children are encouraged to be as active as they can in their child's learning and we offer a variety of ways	
parents/carers	throughout the year to promote and support parental involvement in learning.	
of pupils with	Annual school reports and twice yearly parents' evenings give all parents regular feedback on their child's up to date	
SEN and involve	academic levels and progress, individual reading, writing and maths targets, and behavioural, emotional and social	
parents/carers in	development.	
their child's	At any point throughout the year, parents are encouraged to discuss any concerns they may have or ways that they	
education	can support their child's learning with the class teacher and then the SENCo.	
	The SENCo is available to meet with parents at any time to discuss any concerns they may have about their child's	
	progress or support.	
	During the school year there are regular opportunities for parents to attend workshops and information sessions.	
	For example, our phonics workshops and our curriculum sessions for Years 2 and 6. Our newsletters, open	
	afternoons and celebration assemblies all give a valuable insight into the daily life of the school.	
	Most children on the SEND Register will have a SEND Support Plan outlining their specific targets and outcomes,	
	including any additional support and interventions they may be receiving. This is written and reviewed on a termly	
	basis. Parents will be consulted on these and given individual copies by the Class Teachers. This will ensure that both	
	home and school can be jointly working on any targets and actions together.	
	Where appropriate, for our children with an EHC plan (Education and Health Care plan) and those who need	
	additional support, the use of home/school link books, regular meetings with the SENCo and class teacher and	
	regular phone calls are encouraged to ensure that effective home/school links are maintained. There is also the	

	annual Person Centred Review (PCR) for those children with an EHC plan where the views of parents and all		
	professionals involved with the child can be shared and future provision and targets can be jointly made.		
How we consult	Pupil voice is highly valued in our school and provides a vital contribution to the development of our school and the		
with pupils with	decisions that are made. We actively encourage all our children to develop their own views and provide platforms on		
SEND and involve	which these can be heard and recognised.		
them in their	Our School Council ensures that all children from across each year group have their views represented in regular		
education	meetings. At Person Centred Reviews (for pupils with an EHC plan), pupils are very much at the heart of the process		
	and are supported to ensure that their views are valued. The children complete questionnaires which are shared at		
	their review, they also provide information about their successes and achievements for the current year.		
How we teach	All teachers at St. Catherine's are teachers of children with Special Educational Needs. When planning lessons,		
pupils with SEND	teachers consider the needs of all learners, so that they can plan exciting and balanced lessons within our curriculum		
	to ensure that all pupils are able to make progress, experience success and enjoy their learning.		
	Differentiation is planned for groups and individuals according to need: for example, for a child who has Speech,		
	Language and Communication Needs (SLCN), teachers will use simplified language and/or pictures to support them to		
	understand new vocabulary.		
	The Senior Leadership Team (SLT) carries out termly observations of classes to ensure continued Quality First		
	Teaching and also gives guidance on how best to support and develop practice for children with SEND.		
	The SENCO works closely with the class teacher and teaching assistants in the whole school to ensure any		
	interventions are delivered, monitored and are effective. Depending on the type of intervention, it may be delivered		
	daily, several times a week, weekly etc.		
	Interventions are carried out by the school and are 'additional to or different from' the usual differentiated		
	curriculum. They are delivered by a range of different staff in our school including teaching assistants and trained		
	be explained to parents by teachers, the SENCo or outside agencies, depending on the complexity of the		
	Interventions are carried out by the school and are 'additional to or different from' the usual differentiated curriculum. They are delivered by a range of different staff in our school including teaching assistants and trained volunteers. Interventions are reviewed termly and parents will be notified of any changes to these. Programmes may		

	intervention that is in place. Progress is then closely monitored to ensure that expected progress is made with the additional support.		
	Where this progress is not sufficient, outside agencies may be consulted to allow for a more in depth assessment of a child's needs so that more specialist interventions may be put in place. Teaching assistants deliver a range of programmes across the school including Speech and Language Therapy programmes, Precision Teaching sessions and Emotional Literacy Support work. Our school provision map shows the range of interventions in place in our school which may be used when we identify a need for additional support.		
How we assess and review pupils' progress towards	All interventions and EHC plans provide clear outcomes with a clear time framework of expected progress for each child. All children with SEND are tracked termly by the class teacher and also by the SEN team to ensure progress against these set outcomes.		
their outcomes	Informal review and liaison between parents, support staff and class teachers occurs as frequently as is necessary. This is a key part of being responsive to children's learning needs and adapting where necessary to ensure teaching and learning is based on current assessment of current outcomes.		
	Where a child has an EHC plan, these longer-term outcomes are reviewed more formally at the Person Centred Review once a year, where parents and all relevant professionals can contribute towards the evaluation of progress towards specific outcomes.		
	Parents may also be invited into school to observe intervention sessions that take place, to allow them to further develop their own skills in supporting their children at home.		
	SEND Support plans which outline specific outcomes and interventions for pupils on the SEND Register are written and shared with parents on a termly basis.		
How we evaluate	All interventions are carefully monitored over a set time period to ensure that progress and the impact of provision		
the effectiveness	can be carefully evaluated. We collect data from both the beginning and end of an intervention to ensure progress,		
of the provision	and also commentary from teachers and parents about how effective a particular intervention has been.		

made for pupils with SEND	As part of the school reporting arrangements the SENCo produces a report on the progress and impact of each intervention. Governors are responsible for monitoring the overall effectiveness of the provision in place for pupils identified with SEND at whole school level so that they can evaluate the effectiveness of each intervention and value for money.
How we support pupils moving between different phases of education	We have very good relationships with our feeder settings and the settings that our pupils move onto; We share information to support pupils' learning and wellbeing at key transition points to fully ensure a continuation of the child's learning journey. We have an extensive induction package in place for welcoming all our new learners into Reception. There are several taster sessions planned for the children to take part in before they start at St. Catherine's and a meeting with the Reception teacher. The SENCO alongside the Reception teacher observes all new pupils with SEND joining us in Reception and attend meetings where appropriate for the children with the most needs. For our children leaving at the end of Year 6, we work closely with the secondary schools to ensure a smooth transition. This takes the form of an enhanced transition programme for identified pupils and may include additional visits, 1:1 work completing a transition booklet or specific work from an Emotional Literacy Support Assistant and/or use of social stories. The SENCo also has a handover meeting with the SENCos and class teachers at the secondary schools to ensure the school has all the information needed to receive the children from St. Catherine's with additional needs.
How St.	We have an Accessibility Plan in place and where possible we make reasonable adjustments to improve the
Catherine's	accessibility of our environment to meet individual needs. We work closely with outside agencies and if needed we
makes	would make adjustments to the school building to make the classrooms fully accessible for wheelchair use. We have
adaptations to	a disabled toilet and changing facilities for children with additional needs.
the environment	We monitor the languages spoken by families in our school and endeavour to arrange for all families to have full
of pupils with	access to all of the letters and information that they receive.
SEND	We have a range of specialist equipment in place for children who have additional needs including writing slopes, cushions and access to laptops for use in school.

	We work alongside outside agencies to identify where specialist equipment and facilities are needed for individual		
	children to ensure full access to the curriculum at all times.		
The American and			
The training and	Investing in the development of all of our staff is an essential part of our school development plan and plays a vital		
expertise that	role in improving outcomes for all pupils. We have professional development for all staff in school to improve		
our staff have to	provision for all pupils, to develop enhanced skills and knowledge to deliver short term support interventions and to		
support pupils	develop expertise in individualised support and interventions. If training is needed we try to work closely with		
with SEN,	outside agencies and specialist services to develop training to best support our current pupils with SEN.		
including how	As part of the CAST Academy we have access to the Apprenticeship Levy which provides different training		
specialist	opportunities for TAs including Diplomas and Foundation Degrees in teaching and learning. We currently have two		
expertise will be	ras who are doing a Teaching and Learning Support course.		
secured	The SENCo is part of two SEND pyramids, one within Bridport and one within the CAST Academy, where		
	information, ideas and training is shared with other SENCos.		
	At St. Catherine's Primary School we have specialist staff who work in our school on a daily basis. These range from		
	a specialist ELSA to TAs who run specific programmes.		
	We also work alongside a wide range of outside agencies to provide the best possible provision for our children.		
	Where a child has a specific need we will actively seek out the specialist service or support needed to ensure all		
	children's needs are met. For the last two years we have employed our own Educational Psychologist who observes		
	and assesses pupils that we have specific concerns about. This has helped us to make early identification of needs.		
	Some of the other educational outside agencies we have worked with this year include: Special Educational Needs		
	Specialist Service (SENSS), outreach services, including ASD. Specialist health services such as Speech and		
	Language Therapy (SALT), the school nurse, Hearing Support Services, Child and Adolescent Mental Health		
	(CAMHS), The Family Partnership Zone and other health professionals.		
How pupils with	As a fully inclusive school and in line with our Equality Policy we promote the involvement of all of our learners in all		
SEND are enabled	aspects of the curriculum including activities outside the classroom. Where any possible barriers may arise, we		
	aspects of the culticulum including activities outside the classifolm. Where any possible barriers may arise, we		

to engage in activities available with pupils in the school who do not have SEND	actively seek advice, discuss with parents and develop a plan to ensure all children have the same access to any additional curricular activities. Where needed, we may develop additional risk assessment plans to consider any additional risks posed for individuals, to ensure that wherever possible every opportunity is available for every child				
Support for	The wellbeing of all of our pupils is a primary concern at St. Catherine's Primary School. Children are supported w				
improving social	their social and emotional development throughout the school day, through the curriculum and extracurricular				
and emotional	activities. Personal, Social and Health Education (PSHE) is taught explicitly on a weekly basis.				
development, including extra					
pastoral support	Additional support from specialist st	raff is tailored to the pastoral needs of individual pupils, both in and out of the			
arrangements for pupils with SEN	classroom; a personal plan may be put in place for pupils with the highest need. This is delivered by our Emotional Literacy Support Assistant (ELSA). For those children who need additional support with behaviour, individual behaviour plans may be put in place and reviewed half termly to ensure quick, positive and effective support is in place. Outside agencies that supported us in this area this year have included Dorset Child and Family Counselling Trust (DCFCT), the Weldmar Bereavement counselling service and Behaviour Support Services.
